Stock code: 603681

UHB505G

Self-Adhesive Vinyl(Outdoor)

Materials

Face Material	100μm/4mil Monomeric PVC	Features	1. Excellent ink absorption and color saturation 2. Fast drying speed after inkjet 3. Dimensional stability 4. Good surface flatness
Adhesive	Solvent/White/Permanent		
Release Liner	140gsm Single-Sided PE Coated Paper		
Applications	Suitable for billboards, vehicle body advertising, murals, signs, window displays, banners and posters, billboards, etc.		

YG GROUP

Stock code: 603681

UHF506J

Self-Adhesive Vinyl(Outdoor)

Materials

Face Material	100μm/4mil Monomeric PVC	Features	1. Excellent ink absorption and color saturation 2. Fast drying after inkjet 3. Dimensional stability 4. Good surface flatness 5. Excellent removability
Adhesive	Removable/Black/Solvent		
Release Liner	140gsm Single-Sided PE Coated Paper Air-Egress		
Applications	Suitable for billboards, vehicle body advertising, murals, signs, window displays, banners and posters, billboards, etc.		

YG GROUP

Stock code: 603681

UHF508-Q

Self-Adhesive Vinyl(Outdoor)

Materials

Face Material	100μm/4mil Monomeric PVC	Features	1. Excellent ink absorption and color saturation 2. Fast drying after inkjet 3. Dimensional stability 4. Good surface flatness 5. Excellent removability
Adhesive	Removablet/Grey/Solvent		
Release Liner	140gsm Single-Sided PE Coated Paper Air-Egress		
Applications	Suitable for billboards, vehicle body advertising, murals, signs, window displays, banners and posters, billboards, etc.		

YG GROUP

Stock code: 603681

UHB307

Polymeric Self-Adhesive Vinyl(Outdoor)

Materials

Face Material	75μm/3mil Polymeric PVC	Features	1. Vivid, over 95% image accuracy 2. Easy to remove with no residue 3. Strong weather resistance
Adhesive	Solvent/White/Permanent		
Release Liner	140g Double-Sided PE Coated Paper		
Applications	Suitable for billboards, vehicle body advertising, murals, signs, window displays, banners and posters, billboards, etc.		

YG GROUP

Stock code: 603681

UHB507

Polymeric Self-Adhesive Vinyl(Outdoor)

Materials

Face Material	100μm/4mil Polymeric PVC	Features	1. Vivid, over 95% image accuracy 2. Easy to remove with no residue 3. Strong weather resistance
Adhesive	Solvent/White/Permanent		
Release Liner	140g Double Sided PE Coated Paper		
Applications	Suitable for billboards, vehicle body advertising, murals, signs, window displays, banners and posters, billboards, etc.		

YG GROUP

Stock code: 603681

UHG509

Polymeric Self-Adhesive Vinyl(Outdoor)

Materials

Face Material	100μm/4mil Polymeric PVC	Features	1. Vivid, over 95% image accuracy 2. Easy to remove with no residue 3. Strong weather resistance 4. Air-egress with wrinkle-free application
Adhesive	Solvent/White/Permanent		
Release Liner	160g Double-Sided PE Coated Paper Air-Egress		
Applications	Suitable for billboards, vehicle body advertising, murals, signs, window displays, banners and posters, billboards, etc.		

YG GROUP

Stock code: 603681

CHM100

Printable Graphic Film(Outdoor)

Materials

Face Material	75μm/3mil Polymeric PVC	Features	1. Vivid, over 95% image accuracy 2. Easy to remove with no residue 3. Strong weather resistance 4. Air-egress with wrinkle-free application
Adhesive	Solvent/Removable		
Release Liner	160g Double-Sided PE Coated Paper Air-Egress		
Applications	Ideal for advertising displays, creative design projects, and automotive customization.		

YG GROUP

Stock code: 603681

UHG505

Polymeric Self-Adhesive Vinyl(Outdoor)

Materials

Face Material	100μm/4mil Polymeric PVC	Features	1. Vivid, over 95% image accuracy 2. Strong flatness to prevent lifting, easy to cut 3. Excellent weather resistance 4. Air-Egress with wrinkle-free application
Adhesive	Solvent/Permanent		
Release Liner	160g Double-Sided PE Coated Paper Air-Egress		
Applications	Ideal for motorcycle decal and graphic designs.		

YG GROUP

Stock code: 603681

UHB401Q

Double-Coated Air-Egress Self-Adhesive Vinyl(Outdoor)

Materials

Face Material	90μm/3.5mil Monomeric PVC	Features	1. Strong flatness, not easy to curling 2. Easy installation with bubble-free application
Adhesive	Solvent/Permanent		
Release Liner	140g Double-Sided PE Coated Paper Air-Egress		
Applications	Ideal for indoor and outdoor advertising, automotive, and motorcycle decals.		

YG GROUP

Stock code: 603681

UHF508-ZG

Flame-Retardant Self-Adhesive Vinyl(Indoor)

Materials

Coating	Water-based matte finish, flame retardant (Class B1)	Features	1. Certified GB8624 Class B1; self-extinguishing upon flame removal 2. Compatible with dye inkjet printing 3. Eco-friendly & low VOC
Face Material	100μm/4mil Monomeric PVC		
Adhesive	Solvent/Removable		
Release Liner	140g White Silicone Paper		
Applications	Ideal for large shopping malls, exhibition halls, and other environments requiring high flame-retardant performance.		

YG GROUP

Stock code: 603681

UHFc41

Frosted Self-Adhesive Vinyl(Outdoor)

Materials

Face Material	100μm/4mil Frosted PVC	Features	1. Excellent ink absorption and color saturation 2. Fast drying speed after inkjet 3. Excellent lay flatness 4. Long-term color retention of the picture
Adhesive	Solvent/Removable		
Release Liner	140g White Silicone Paper		
Applications	Ideal for office window graphics, hotel interiors, and residential decoration.		

YG GROUP

Stock code: 603681

UHF605-D

Gray Adhesive Flat Surface Sticker(Outdoor)

Materials

Face Material	110μm/4.3mil Composite PVC	Features	1. Strong abrasion and weather resistance for long-term durability 2. High color fidelity with vivid graphics
Adhesive	Solvent/Removable		
Release Liner	140g White Silicone Paper		
Applications	Ideal for advertising signs, wall décor stickers, and floor graphics.		

YG GROUP

UPAs11

Stock code: 603681 **Double Sided Matte Waterproof PP(Indoor)**

Materials

Face Material	240μm Composite PP	Features	1. Excellent ink absorption and color saturation 2. Fast drying after inkjet printing 3. Excellent flat-laying performance 4. Long-lasting color retention
Coating	Matte Waterproof Coating + Anti-Slip Coating		
Applications	Ideal for banners, indoor signage, display boards, and imaging applications.		

YG GROUP

Stock code: 603681

BLT120

Super Clear Glass Sticker(Indoor)

Materials

Face Material	100μm/4mil High Transparent PVC	Features	1. Ultra-clear with light transmittance ≥96% 2. Compatible with UV, solvent, and eco-solvent inks for vivid print quality
Adhesive	Solvent/Removable		
Release Liner	75μm Matte PET		
Applications	Ideal for shopping mall window advertising, office building glass partitions, etc.		

YG GROUP

Stock code: 603681

XZ235-L5

RC Photo Paper(Indoor)

Materials

Face Material	240g Coated Paper	Features	1. Excellent ink absorption and color saturation 2. Fast-drying after inkjet printing 3. Excellent lay-flat properties 4. Long-term color preservation
Coating	High Glossy Waterproof Coating		
Applications	Ideal for commercial posters, exhibition graphics, art photography, and certificate documents.		

YG GROUP

Stock code: 603681

UPA921

Eco Solvent PP Sticker (Outdoor)

Materials

Coating	Solvent coating	**Features**	1. Excellent ink absorption and color saturation 2. Fast drying after inkjet printing 3. Long-lasting color retention
Face Material	120μm PP		
Adhesive	Wated-based		
Release Liner	12μm Single-Side PET		
Applications	Suitable for short-term applications such as promotional banners and roll-up displays.		

YG GROUP

Stock code: 603681

UPA612

PP Sticker(Indoor)

Materials

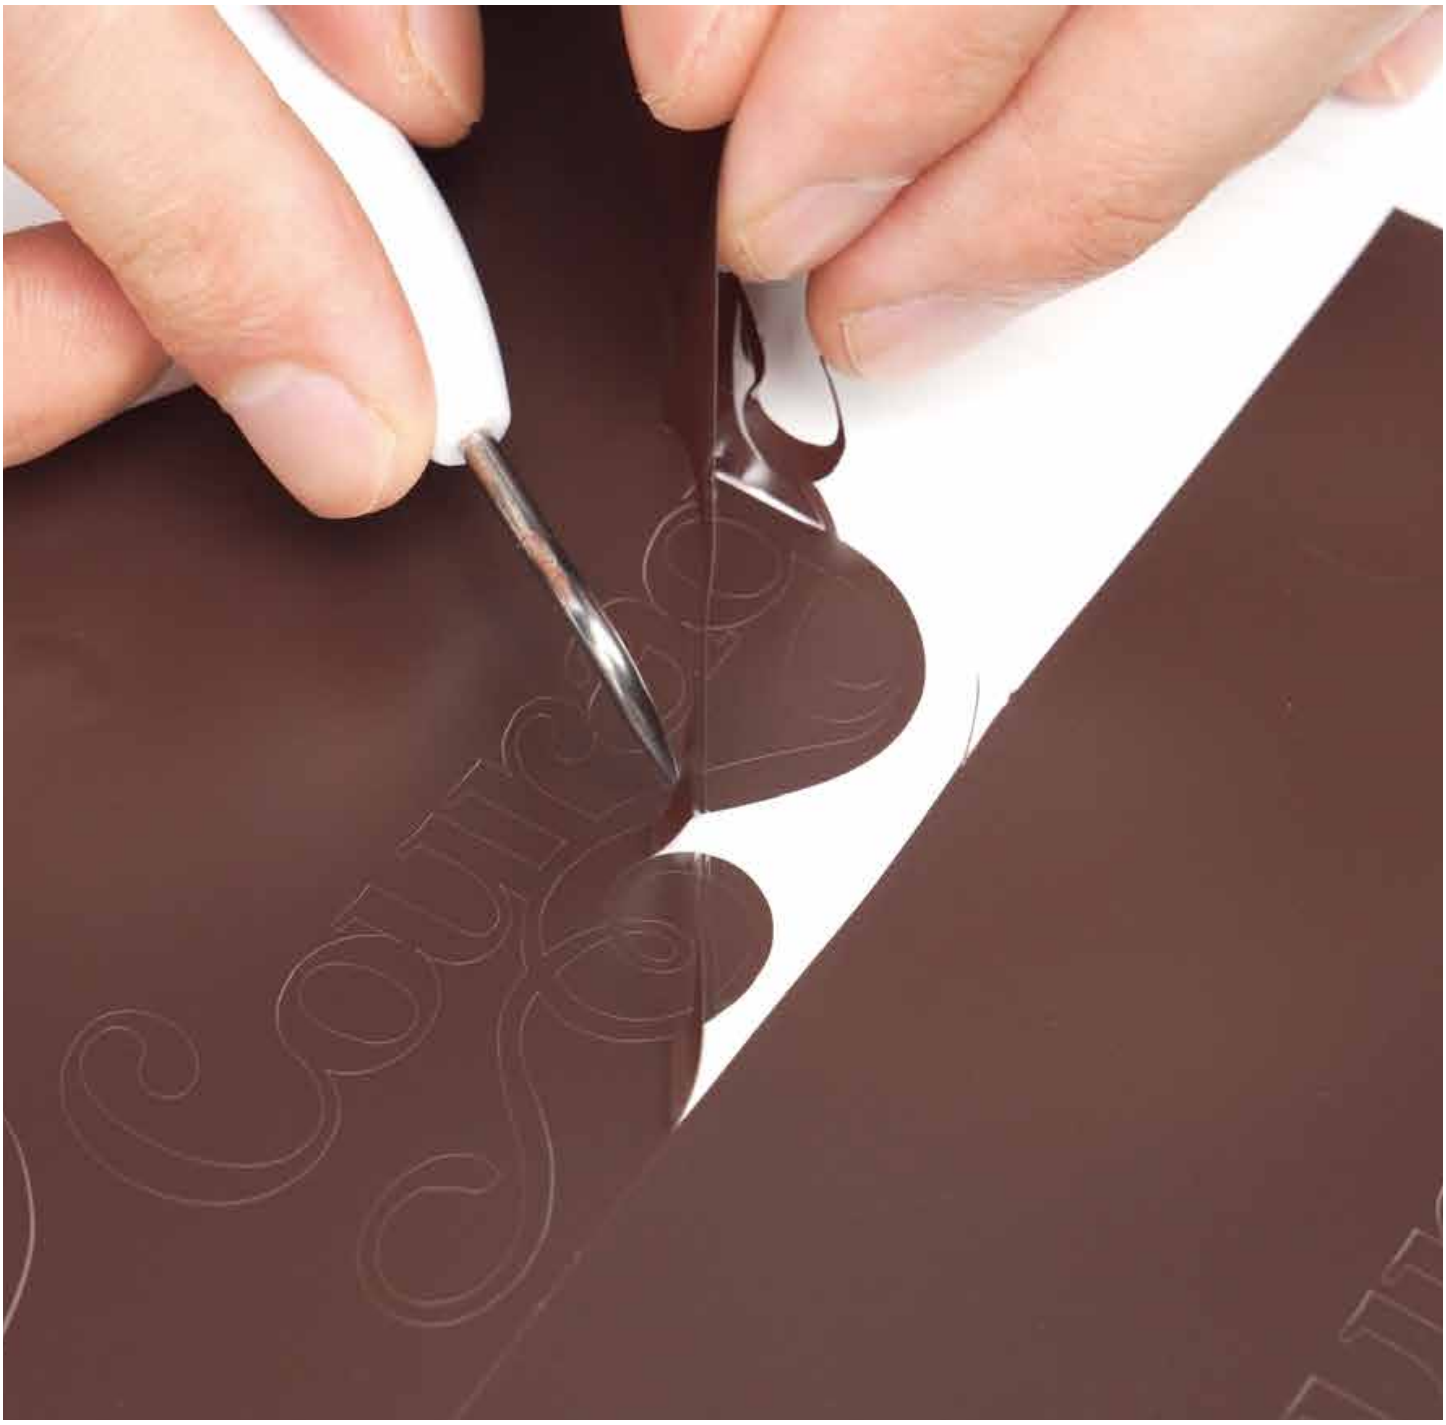

Coating	Water-based coating	Features	1. Excellent ink absorption and color saturation 2. Fast drying after inkjet printing 3. Long-lasting color retention
Face Material	120μm PP		
Adhesive	Wated-based Adhesive		
Release Liner	12μm Single-Side PET		
Applications	Suitable for short-term applications such as promotional banners and roll-up displays.		

YG GROUP

Stock code: 603681

UKE319-BROWN

Double-Coated PE Release Liner Color Cutting Vinyl(outdoor)

Materials

Face Material	75μm/3mil PVC	Features	1. Excellent flatness, not easy to deformation and curling 2. High-precision cutting, customized designs 3. Easy processing and complex pattern cutting
Adhesive	Solvent/Removable		
Release Liner	140g Double-Sided PE Coated Paper		
Applications	Ideal for graphics and lettering on glass, storefronts, and interior décor.		

YG GROUP

Stock code: 603681

UKE31-11

PET Release Liner Color Cutting Vinyl(Outdoor)

Materials

Face Material	75μm/3mil Monomeric PVC	Features	1. Excellent flatness, not easy to deformation and curling 2. High-precision cutting, customized designs 3. Easy processing and complex pattern cutting
Adhesive	Solvent/Permanent		
Release Liner	80/150μm PET		
Applications	Ideal for graphics and lettering on glass, storefronts, and interior décor.		

YG GROUP

Stock code: 603681

UKE207-L

CCK Release Liner Color Cutting Vinyl(Outdoor)

Materials

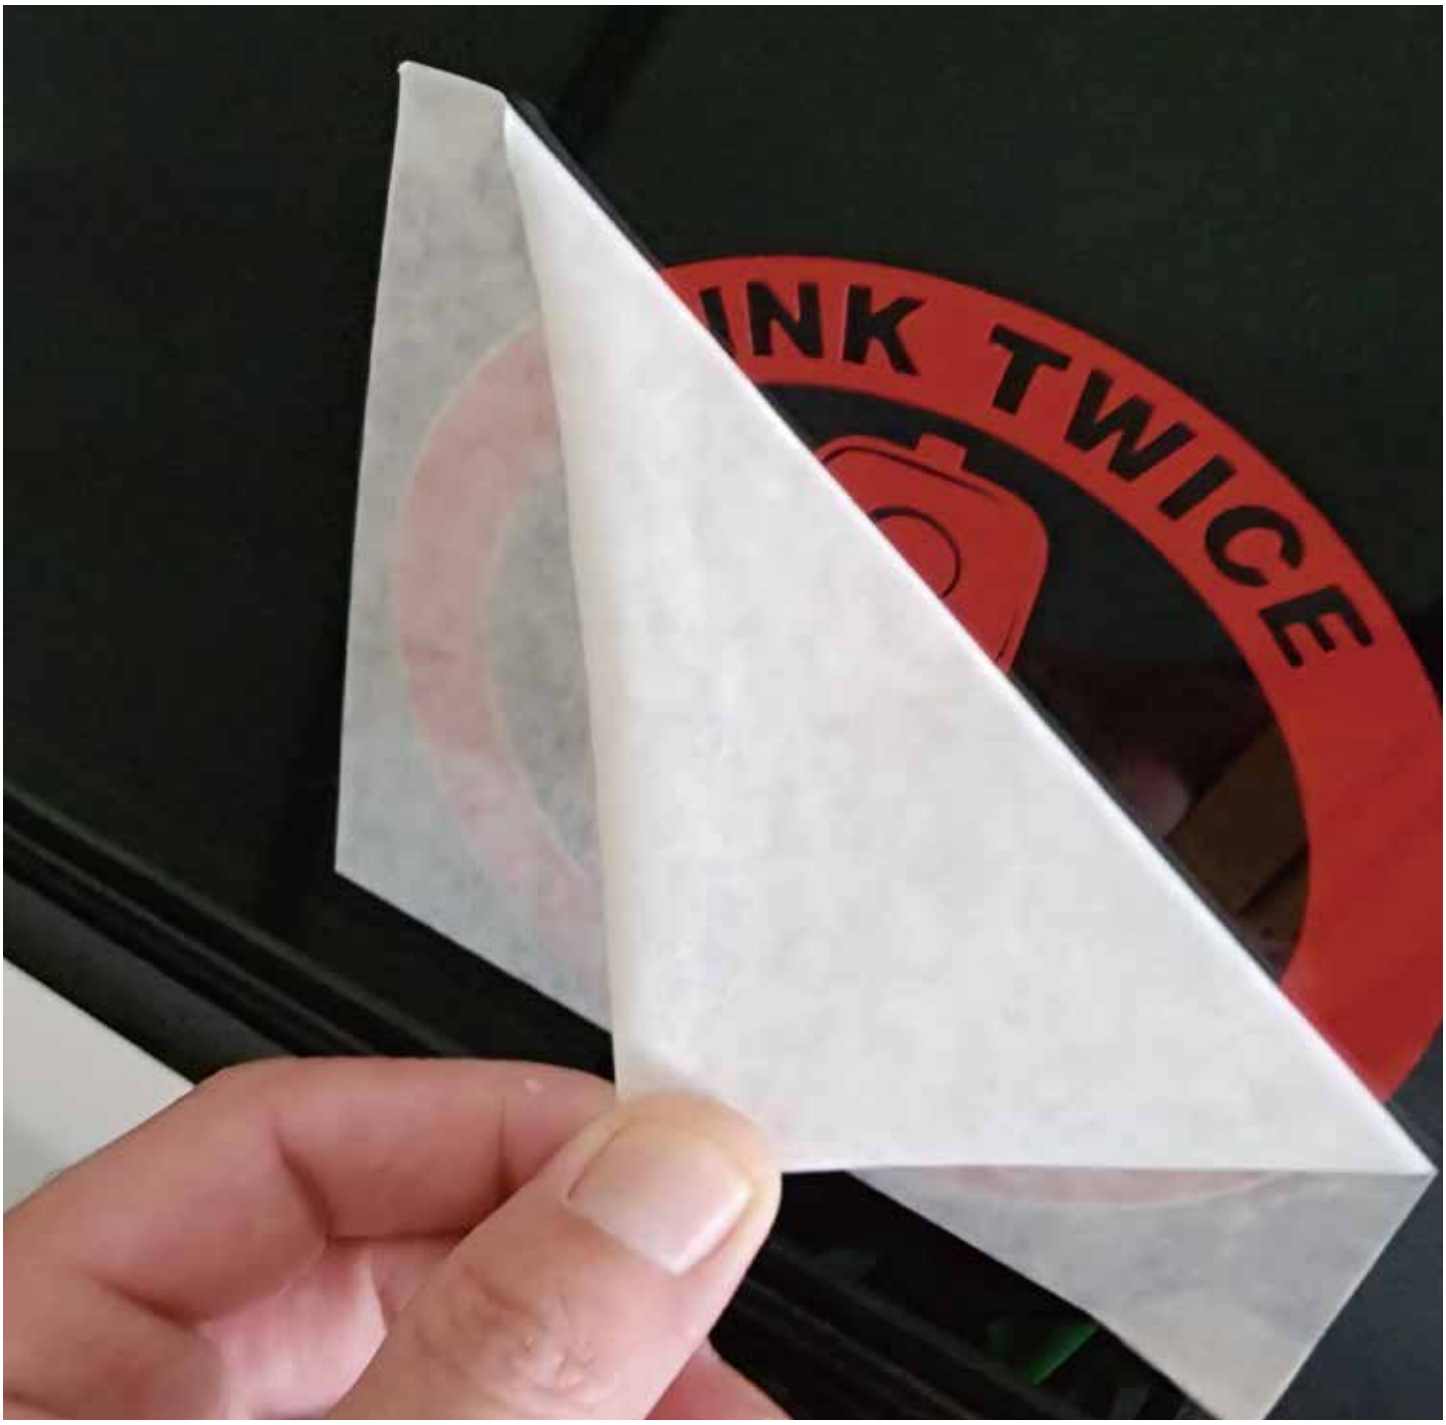

Face Material	75μm/3mil Monomeric PVC	Features	1. Excellent flatness, not easy to deformation and curling 2. High-precision cutting, customized designs 3. Easy processing and complex pattern cutting
Adhesive	Solvent/Permanent		
Release Liner	135g CCK Silicone Paper		
Applications	Ideal for graphics and lettering on glass, storefronts, and interior décor.		

YG GROUP

Stock code: 603681

UZBa30

Washi Paper Transfer Tape

Materials

Face Material	53g Washi Paper	Features	1. Low tack adhesion for low-tack product transferation 2. High tensile strength, not easy to break 3. Semi-transparent design for easy application
Adhesive	Rubber		
Applications	Ideal for general transfer of signage and digitally printed graphics.		

YG GROUP

Stock code: 603681

UZA311

PET Transfer Tape

Materials

Face Material	50μm/2mil PET	Features	1. Strong flatness, not easy to deformation and curling 2. High tensile strength, not easy to break 3. Transparent design for easy application
Adhesive	Solvent/Removable		
Release Liner	100g Coated Paper		
Applications	Ideal for transferring general signage, digitally printed graphics, and various vinyl lettering designs.		

YG GROUP

Stock code: 603681

UCB601

Cold Lamination Film (Gloss)

Materials

Face Material	60μm/2.4mil PVC	Features	1. Transparent protective film, good surface flatness and anti-shrinkage 2. Mainly used for lamination of advertising images, protecting images and enhancing the artistic effects of the images 3. Easy to clean the images
Adhesive	Clear / Solvent/Permanent		
Release Liner	100gsm Single-sided PE Coated Paper		
Applications	Graphic protection for self-adhesive vinyl, PP synthetic paper, photo paper, etc.		

YG GROUP

Stock code: 603681

UCB711G

Cold Lamination Film (Matte)

Materials

Face Material	70μm/2.8mil PVC	Features	1. Transparent protective film, good surface flatness and anti-shrinkage 2. Mainly used for lamination of advertising images, protecting images and enhancing the artistic effects of the images 3. Easy to clean the images
Adhesive	Clear / Solvent/Permanent		
Release Liner	100gsm Single-sided PE Coated Paper		
Applications	Graphic protection for self-adhesive vinyl, PP synthetic paper, photo paper, etc.		

YG GROUP

Stock code: 603681

UCB601J

Lamination Film (Gloss)

Materials

Face Material	60μm/2.4milPVC	Features	1. Transparent protective film, good surface flatness and anti-shrinkage 2. Mainly used for lamination of advertising images, protecting images and enhancing the artistic effects of the images 3. Easy to clean the images
Adhesive	Clear / Solvent/Permanent		
Release Liner	100gsm Single-sided PE Coated Paper		
Applications	Graphic protection for self-adhesive vinyl, PP synthetic paper, photo paper, etc.		

YG GROUP

Stock code: 603681

UCB722

Lamination Film (Frosted)

Materials

Face Material	70μm/2.8mil PVC	Features	1. Transparent protective film, good surface flatness and anti-shrinkage 2. Mainly used for lamination of advertising images, protecting images and enhancing the artistic effects of the images 3. Easy to clean the images
Adhesive	Clear / Solvent/Permanent		
Release Liner	100gsm Single-sided PE Coated Paper		
Applications	Graphic protection for self-adhesive vinyl, PP synthetic paper, photo paper, etc.		

YG GROUP

Stock code: 603681

UCBg01-L

UV-Resistant Lamination Film

Materials

Face Material	60μm/2.4mil Polymeric PVC	Features	1. Strong UV resistance; resists yellowing and embrittlement 2. Durable adhesion, prevents lifting and peeling 3. Waterproof, dustproof, and abrasion-resistant 4. Excellent flexibility for versatile applications
Adhesive	Solvent/Permanent		
Release Liner	80g White Silicone Paper		
Applications	Ideal for protective lamination of artwork, and indoor/outdoor advertising and displays.		

YG GROUP

Stock code: 603681

LBM080

High-Transparent Cold Lamination Film

Materials

Face Material	70μm/2.8mil Polymeric PVC	Features	1. High transparency for clear, sharp visuals 2. Easy manual application, no equipment required 3. Excellent weather, scratch, and yellowing resistance 4. Outdoor durability of 3–5 years 5. Excellent flexibility, suitable for various lamination processes
Adhesive	Solvent/Removable		
Release Liner	70μm Single-side Matte PET		
Applications	Designed for use with automotive graphic films, ideal for advertising & printing, as well as architectural and interior decoration.
