YG GROUP

Stock code: 603681

Functional

PET Transfer Tape

Materials

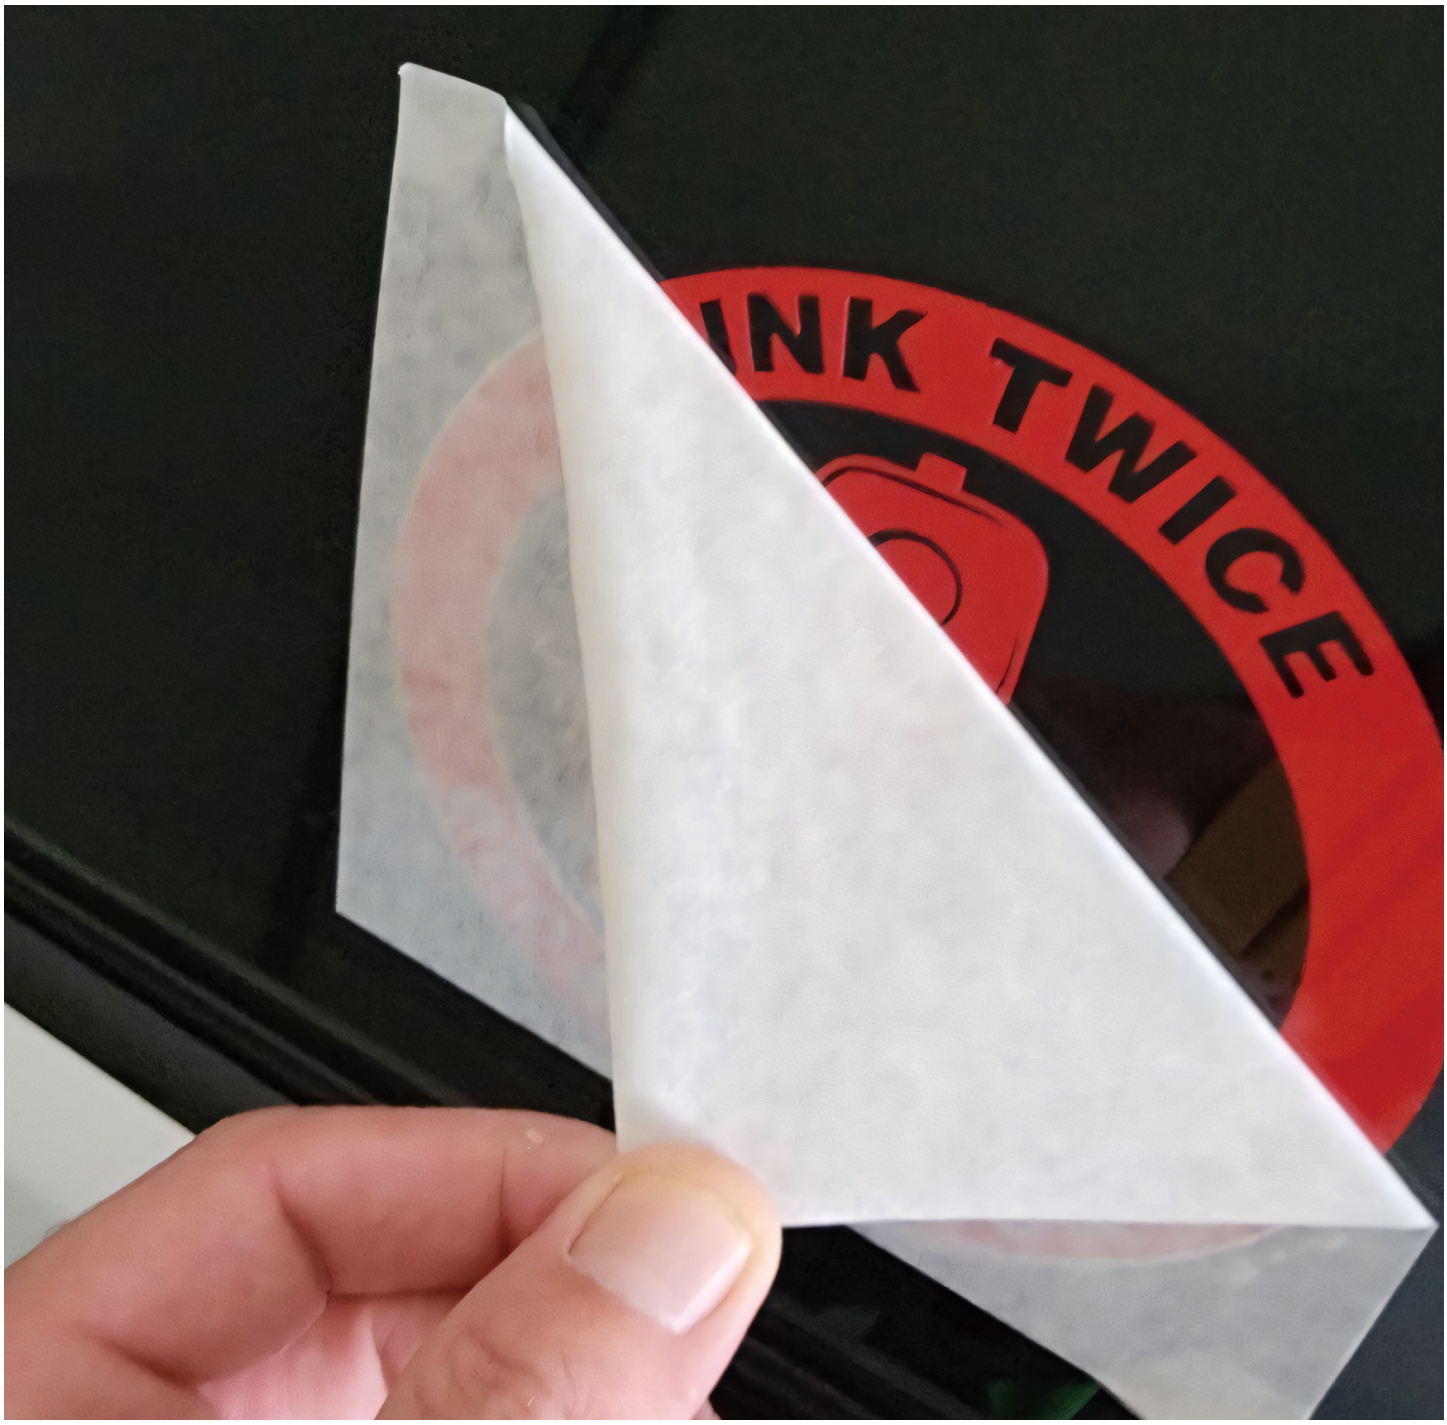

Face Material	50μm/2mil PET	Features	1.Strong flatness, not easy to deformation and curling; 2.High tensile strength, not easy to break; 3.Transparent design for easy application.
Adhesive	Solvent/Removable		
Release Liner	100g Coated Paper		
Applications	Ideal for transferring general signage, digitally printed graphics, and various vinyl lettering designs.		

YG YG GROUP

Stock code: 603681

Functional

Washi Paper Transfer Tape

Materials

Face Material	53g Washi Paper	Features	1.Low tack adhesion for low-tack product transferation; 2.High tensile strength, not easy to break; 3.Semi-transparent design for easy application.
Adhesive	Rubber		
Applications	Ideal for general transfer of signage and digitally printed graphics.		

YG GROUP

Stock code: 603681

Functional

OPP Transfer Tape (Non-Release Liner)

Materials

Face Material	52μm/2mil BOPP Film	Features	1.Strong flatness, not easy to deformation; 2.High tensile strength, not easy to break.
Adhesive	Solvent/Removable		
Applications	Ideal for transferring general signage, digitally printed graphics, and various vinyl lettering designs.		

YG GROUP

Stock code: 603681

Functional

PE Transfer Tape (Non-Release Liner)

Materials

Face Material	150μmPE	Features	1.PE material with inherent rigidity that resists deformation and warping; 2.High tensile strength with excellent tear resistance; 3.Matte transparent design for easy positioning and visual alignment.
Adhesive	Water-based Adhesive		
Applications	Ideal for transferring universal logos, digitally printed products, and various cutting vinyl patterns.
